New
Palio Stile
The Fiat of the new generation

The genes of a thoroughbred Italian automobile, sharp looks and fresh technology make the new Palio Stile a car of the times. Yet it is every bit a Fiat, with the same timeless joy of the good old days. Equipped with a thrifty 1.1litre 'Fully Integrated Robotised Engine' and a zesty high-torque 1.6 litre version, the Stile has enough 'go' to rule the expressways. And that too in true Fiat style, courtesy the Auto Intelligence System that assures safety in any eventuality and the plush new beige interiors that nestle you in a lap of Luxury.

So if you're looking for an experience that is truly novel with the touch of a classic, test-drive the new Palio Stile today.
